Internationally Educated Professionals

Your experience is valued at St. Michael’s and we are seeking Internationally Educated Professionals to become part of our team.

• Funded by the Government of Ontario, St. Michael’s offers an innovative post-hire program. Building Employer Capacity for Effective Integration and Retention of Internationally Educated Professionals (IEPs) includes the following supports:
  - an IEP transition program
  - a corporate mentorship program, and
  - educational opportunities for managers and employees to help IEPs integrate into the organization.

• We have a dedicated Specialist, Internationally Educated Professionals, who implements innovative approaches for recruiting, sourcing, and retaining foreign-trained professionals.

• Our partnership with the Career Bridge Program helps IEPs in non-regulated professions gain valuable Canadian workplace experience. St. Michael’s has mentored many Career Bridge interns who have been hired as employees.

• As a founding member of the CARE Centre for Internationally Educated Nurses (IENs) and through our continued partnership, we provide a wide range of opportunities for IENs including mentoring, job shadowing, work related learning opportunities, and employment.

“St. Michael’s goes beyond acknowledging and using the skills of Internationally Educated Professionals. The hospital offers targeted programs like the Career Bridge Internship Program to help us gain the work experience we need to reduce the barriers to rewarding careers in Canada. The one year Career Bridge internship opportunity here changed my life forever. It not only gave me the opportunity to apply and showcase my skills, the experience also strengthened my belief in myself which had been lacking after I had gone through an unsuccessful and stressful struggle to find a job for more than two years.”

Jogesh Dhir
(IEP) Administrative Secretary
Human Resources

Over
St. Michael’s many accomplishments related to supporting the integration and transition of IEPs into the workplace has been recognized. Examples of awards include Canada’s Best Employers for New Canadians, Career Bridge’s Leadership Award, and the Toronto Star Immigrant Success Award for Excellence in Workplace Integration.
