

## Rapid Access Addiction Medicine (RAAM) Clinics

A rapid access addiction medicine (RAAM) clinic is a low-barrier, walk-in model that patients can attend to get help for a substance use disorder without an appointment or formal referral.

<b>RAAM clinics provide time-limited medical addiction care including pharmacotherapy, brief counseling, and referrals to community services. Individuals need just show up during clinic hours with an Ontario Health Card.</b>		
<b>Clinic Site Locations and Contact</b>	<b>Hours of Operation</b>	<b>Additional Information</b>
